#08200 0135	Rosco Fog Fluid, 4 Liter Bottle

---

## Rosco Stage & Studio Fluid

Rosco Stage & Studio Fluid was created for those occasions where certain fog effects need to dissipate quickly or to create low-lying effects. Used with all Rosco fog machines, it will produce an effective theatrical fog and then disappear.

Used in conjunction with a Rosco fog machine and a Rosco [Coldflow](#), or Rosco [Chiller Module](#) the Stage & Studio Fluid generates an excellent low-lying fog effect. Similar to the effect produced by dry ice and hot water, the Rosco chilled fog system is more economical.

### Specifications

#09000 0034	Rosco Stage & Studio Fluid, Liter
#09000 0085	Rosco Stage & Studio Fluid, 2.5 Liter
#09000 0135	Rosco Stage & Studio Fluid, 4 Liter Bottle

## Rosco Light Fog Fluid

Rosco Light Fog Fluid is one of the latest additions to the Rosco line of fog effects. Utilizing the same components as Rosco's other award-winning fluids, this economical water-based fluid delivers exactly what the name says: a lighter fog effect. When combined with compressed air in the [Model 1600](#), [PF-1000](#), or [Intelligent Fog System](#), Rosco Light Fog Fluid can achieve a good haze effect.

### Specifications

#08500 0034	Rosco Light Fog Fluid, Liter
#08500 0085	Rosco Light Fog Fluid, 2.5 Liter
#08500 0135	Rosco Light Fog Fluid, 4 Liter Bottle
